The screenshot shows a window titled "CS6 Master Collection" with the Adobe logo in the top left corner. The main heading is "Activación sin conexión". Below the heading, there are four numbered steps for offline activation. At the bottom right, there are two buttons: "Atrás" and "Generar código de solicitud", with the latter highlighted by a red rectangular border.

Activación sin conexión

1. Haga clic en Generar código de solicitud a continuación. El código es específico de cada máquina y es válido durante 72 horas. Si no puede completar el proceso en esas 72 horas, solo tiene que solicitar un nuevo código.
2. Utilice el dispositivo con conexión a Internet para acceder a Adobe.com/go/getactivated_es.
3. Introduzca el código del paso 1 y el número de serie cuando así se le solicite en el sitio. Al hacerlo, se generará un código de respuesta.
4. Introduzca el código de respuesta en su ordenador sin conexión y haga clic en Activar.

Haga clic en Atrás para activar el software en línea.
